

abcommerce

Data driving sales. Analytics based ecommerce for businesses ready to take online to the next level.

a magico project

abcommerce: Magico's unrivalled ecommerce solution

abcommerce brings all the technical features of a modern cloud based ecommerce platform to businesses that want to do more. Better. Faster. Go beyond the online boundaries. With elastic scalability, and a tried and tested resilience to mass buying surges, while still maintaining flexibility in software customization requirements.

six key benefits of abcommerce

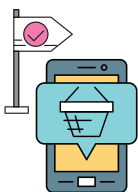

Total Integration

Management made simple: stock and sales data from ePOS/ERP to site and beyond

Analytics Engine

View data to see what is working to decide where to best spend an online marketing budget

Mobile First

Fully responsive design means your site delivers the same content to everyone, everywhere

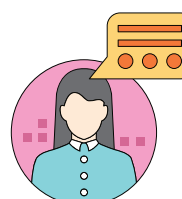

Live Edit

Simple editing tools ensure maximum efficiency in keeping site content up to date

3rd Party Plugins

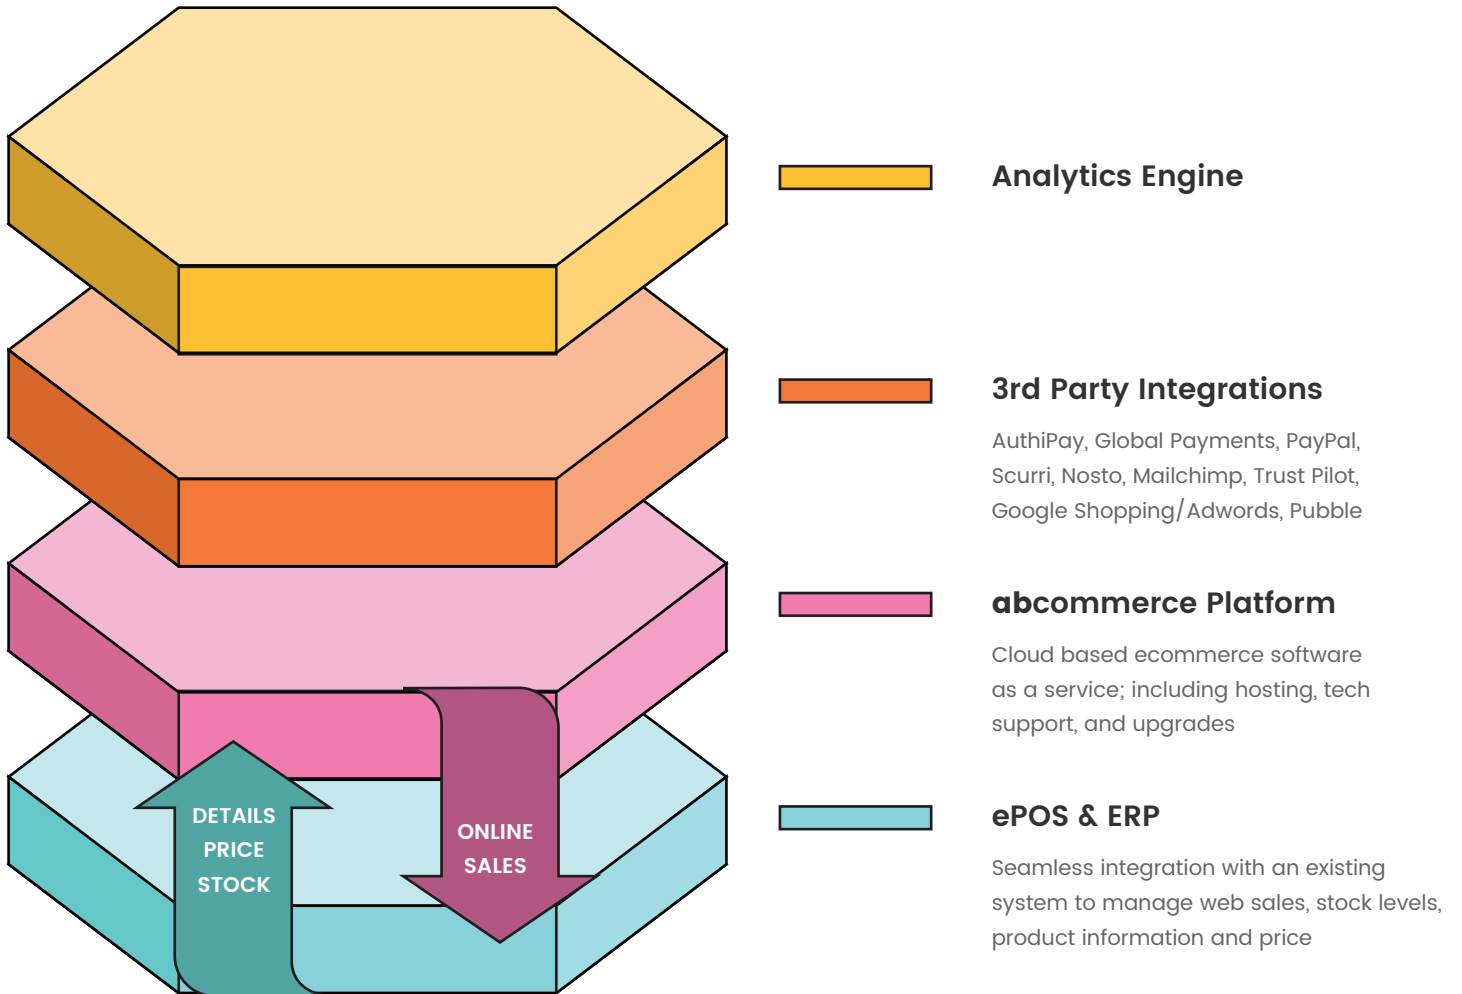

Best in class plugins available to enhance your online reach and performance

Continuous Collaboration

By harnessing a shared growth culture we create opportunities for future development
